To the Electors of Yale-Lytton and Kootenay District.
GENTLEMEN:—In compliance with the request of a number of the electors of the above district, I have much pleasure in offering myself as a candidate for the honor of representing you in the House of Commons at Ottawa.
Your interests being so closely identified with my own affords you the surest guarantee that they will at all times receive my best attention and support; but as it is difficult to say at present what matters may come before the House at Ottawa, this session, I shall confine my remarks to a few leading subjects, which I consider most essential to the welfare of this Province, and especially that portion of it which I seek to represent.
I shall endeavor to procure a regular and efficient Mail Service throughout the populous portions of the District.
I shall support any measures brought forward by the Local House for the establishment of a Liberal School System throughout the Province and the appropriation of the necessary funds from the general revenue.
I am in favor of the appointment of County Court Judges in this Province.
I am opposed to the Civil List Act in its present form and should it become matter for legislation at Ottawa I shall advocate its repeal or amendment.
I shall give my support to the Dominion Government so long as it continues fairly and honorably to carry out the terms of Union, especially with regard to the construction of the Canadian Pacific Railway.
In conclusion I promise that should you do me the honor of entrusting me with your interests, I shall at all times endeavor to prove myself worthy of your confidence.
I have the honor to be, Gentlemen
your obedient servant

A FRIEND IN NEED!

HOLLOWAY'S PILLS

WONDERFUL CURE OF ASTHMA OF 18 YEARS STANDING.
Copy of a Letter from Mr. Ferdinand Mc. Devitt, Innkeeper & Grocer, Glenties, Co. Donegal, dated 4th March, 1861.
To Professor Holloway.
Sir,—I suffered from asthma for 18 years, accompanied with great difficulty of breathing, and severe cough with spitting of blood. I was also afflicted with Piles. At different times I was treated by most skilful physicians, and was at length pronounced by them to be beyond cure; as a last resource, I was induced to use your Pills and Ointment, and in the short space of a fortnight could walk about, and am now perfectly cured, to the astonishment of all who knew me.

BLOOD TO THE HEAD WITH GIDDINESS.
Copy of a Letter from Mrs. Mary Foster, Half Moon Street, Totness, dated March 16th, 1861.
To Professor Holloway.
Sir,—For many years I suffered periodically from headache, and giddiness in the head, to such a degree, that at times I have scarcely been able to walk; after obtaining the best medical advice without effect, I tried your Pills, and in less than a week, I was completely cured. Mrs. Donnal, Chemist, of Totness, can vouch for the truth of the above statement.

COMPLAINTS OF WOMEN AND CHILDREN.
The very mild and painless action of these invaluable Pills, recommends them to every household as a remedy for the early departures from health. Any mother, nurse, or young person guided by the directions which accompany each box of Holloway's Pills, has at once available means for checking disease, purifying the blood, and expelling from the system all gross humors. They are, indeed, at all ages, the tried female's friend.

DISORDERS OF THE LIVER WITH FLATULENCY & INDIGESTION.
Loss of appetite and flatulency are usually the forerunners of stomachic disease. These famous Pills exercise the most salutary power in all affections of the liver, and all irregularities of the stomach and bowels; they restore a healthy function to every internal organ, overcome all obstructions, and cast out all impurities.

THE ACTION OF THE KIDNEYS & OTHER INTERNAL ORGANS.
The immediate loss of muscular strength and nervous energy is more particularly remarkable in renal than in most other diseases. Their deficient action for one day suffices to produce fever, hence the necessity for prompt and efficient treatment. Holloway's Pills have the great merit of restoring any suspended or diminished secretions, and of relieving any inflamation or congestion in the spleen, kidneys, or other subsidiary organs.
The tight, suffocating, anxious feeling caused by derangement of the heart, makes the sufferer look on present death as imminent. Holloway's Pills prove an efficient and ready remedy when the disturbed circulation depends on indigestion, flatulency, or debilitated nervous vigor. Persons suffering from disturbance of the heart, should take about six of these Pills two or three times a week, according to circumstances, to arrest the too active action of the heart.

WEAKNESS, LANGUOR AND DEBILITY.
These famous Pills will immediately remove all symptoms of debility, langour and weakness, as they act upon the main springs, of life, and thus save thousands from a premature grave.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Inflammation
Asthma	Jaundice
Bilious Complaints	Liver Complaints
Blotches on the Skin	Lumbago
Bowel Complaints	Piles
Colics	Rheumatism
Constipation of the Bowels	Retention of Urine
Consumption	Scrofula, or King's Evil
Debility	Sore Throats
Dropsy	Stone and Gravel
Dysentery	Secondary Symptoms
Erysipelas	Tic-Douloureux
Female Irregularities	Tumours
Fevers of all kinds	Ulcers
Fits	Venereal Affections
Gout	Worms of all kinds
Head-ache	Weakness, from whatever cause &c., &c.
Indigestion	

Sold at the Establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar,) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world.
* * There is considerable saving by taking the large size.
N.B.—Directions for the guidance of patients in every disorder are affixed to each Box.

THE UNK WEED
REMEDY,
—OR—
OREGON
RHEUMATIC CURE.
HISTORY.
This Remedy is composed of the active principle of the Unk Weed, Eng.—Thaspium Cordatum Originis, Lat.—Indigenous to Oregon. Grows most abundantly and perfectly in Washington Co.
PROPERTIES, Etc.
It contains an ACTIVE VOLATILE Principle, extracted by Ether, and a bitter TONIC Principle, soluble in Alcohol.
Medical Properties and Uses.
It is the most sure and speedy cure for *Rheumatism, Rheumatic Gout and Rheumatic Pains* of all kinds that was ever introduced in the Materia Medica. THE UNK WEED REMEDY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a
POWERFUL TONIC,
Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus Building up and Strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system.
There are a few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be abandoned before specific effects are obtainable, hence the want of success in treating this prevalent, and in consequence heretofore incurable disease. Unlike these Medicines, already known, the
UNK WEED REMEDY,
though producing as powerful and as active effects on the blood and system in removing the Rheumatic Poison, also possesses a strong Tonic and recuperating element which admits of its continued use even by the most Delicate and debilitated. Thus we have the combination for the first time of these Two Necessary Elements in one remedy, which accounts for its Superior and never-failing curative effects in
Rheumatism, Rheumatic Gout, and Rheumatic Pains of all kinds.

A Procrastinating Ministry—Delay on the Tariff Question.

In Ontario they had a general election this year, as well as ourselves; but happily for that Province, they have men at at the head of affairs competent to lead, —certainly men who are not afraid to meet the representatives of the people,—for the Legislature of that Province was convened for despatch of business on the day before yesterday. Such an arrangement affords an opportunity to get through the Provincial business before the meeting of the Federal Parliament can take place. But of course those gamesters, the McCreight Ministry, care nothing whatever for the example set by sister Provinces. They are too eager to dally shally away the time of the country, lawyer-like, if in their judgment it will conduce not to the general benefit, but to their individual aggrandizement. There is not a person to-day in the Province, whose judgment is deserving of serious consideration, who don't condemn the delay in the summoning of the Legislature to meet for the despatch of business. People are anxious to have something done. There has been talk long enough; the country wants work now. The people don't want an ornamental Ministry to manufacture dry statutes, but require men at the head of the Government who are competent to take hold of public affairs and give them a direction that will put money in people's pockets. That is the class of men that the country wants and must have at the head of affairs. Take, for instance, one question that has been agitated more than any other—the tariff—and enquire what the Ministry is doing to settle it? If the question be put and the true answer given, it will be found that they are dangling that as well as other matters. As a matter of course, our readers are aware that we expect the Assembly to adopt the best tariff for the country—that is—the modified tariff. Now let us see what chance there is to get it this season. In the first place, the meeting of the Legislature has been postponed till January 25th, and not to meet then for despatch of business. It may possibly not meet till the middle or last of February for despatch of business—it may, in fact, be March before it meets, at the same time at which the Federal Parliament will be called together Now, beyond the possibility of a doubt, the present Ministry will be turned out. A fortnight or three weeks' delay will be the consequence. That will put off the public business till April—very nearly the time at which the Federal Parliament will rise. Now we ask what chance will the country have to get a modified tariff,—or even if the Canadian tariff were adopted what chance would there be to get it? So far as we can see there would be little or none this year. It is well for those who are interested in the subject to understand this matter. For instance we can neither have the Canadian nor the modified tariff, unless the Federal Parliament shall have passed a law for that purpose. Now in the seventh section of the Terms of Confederation we find the following: "It is agreed that the existing Customs Tariff and Excise Duties shall continue in force in British Columbia until the Railway from the Pacific coast and the system of railways in Canada are connected, *unless* the Legislature of British Columbia should sooner decide *to accept* the Tariff and Excise Laws of Canada." Now there is nothing whatever in this provision to enable the Government to put either the modified tariff or the Canadian into operation without the action of the Federal Parliament. A mere resolution of our Assembly will only instruct the Dominion Government as to our wishes and then the Cabinet will have to prepare a bill and submit it to Parliament and get its sanction before any alteration can take place in our tariff. The 122nd Section of the Union Act makes the matter as clear as need be. It says: "The Customs and excise Laws of each Province shall, subject to the provisions of this Act, continue in force until altered by the Parliament of Canada." The 10th Section of the terms of Confederation makes the 122nd Section a part of our laws governing the tariff. Yet here we find the Ministry dawdling away the time within which it is desirable to settle the tariff question,—postponing the meeting of the Assembly, not for the public good, but for the benefit of themselves.

EMINENT CUTLERS.—Among the names of the most prominent manufacturers of cutlery are found those of Wostenholm, Mappin, Crooks, Harrison and JOSEPH RODGERS & SONS. The latter has for a series of years held the prestige for excellence, and has been awarded the prizes at the Industrial Exhibitions; and at present the sole importers in this Province are T. N. HIBBEN & Co. *

A. GILNORR, Merchant Tailor, has removed his place of business to the store adjoining the Colonial Hotel, Government street, four doors from Yates street, where he is prepared to sell, at reduced rates, Custom Made Clothing and Gents' Furnishing Goods. Also, Garments made to order, according to the Latest Styles. *

THE FASHIONS.—Messrs. Turner, Beeton & Tunstall, of London House, received per express yesterday, a large shipment of autumn goods, amongst which are Alexander's gloves, millinery in all the new styles, including the Dolly Varden Hat, the popular novelty in Europe this season; Dolly Varden costumes, Dolly Varden sashes and caps; also choice lace goods, waterproof costumes, &c. *

☞ Memory presides over the past. Fell's Coffee over the present. The first lives in a rich temple hung with glorious trophies, and lined with tombs, but Fell's Coffee has but one shrine and that is every breakfast table. Its aroma walks the earth like a spirit and can be found for sale at every respectable dealer in British Columbia. Beware of spurious imitations. ly *

DOMINION PLANTATION.

Come, ye citizens and strangers—
Miners, sailors, and western rangers—
Listen to the truthful story
Of FRANK CAMPBELL, of Victoria.
He, in truthful words, will tell you
Just the goods he has to sell you;—
Mind ye, now, he isn't joking
If you are fond of Chewing and Smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really;
Tobacco users prize them dearly;
From all parts of the "Old Dominion,"
He has stock, and his opinion
Is, that none can suit you better,
They will please you to the letter.
His cigars, just from "Havana,"
Smoke in the most beauteous manner;
Meerchaum pipes of style and fashion,
Just to suit each taste and passion;
And it is in Canada stated,
His tobaccos are celebrated;
Green Seal, Straight Cut, what they call "go,"
Big Cut, Big Lick, Wine Sap, also;
All the fine cut brands for chewing,
That your teeth will never ruin.
Pipes to suit the inveterate smoker,
Cards for playing "sinch or poker;"
Pipes of brier and stems of cherry,
More than any man can carry.
It would take a week to tell you,
All the things he has to sell you.
While in town you may be stopping,
At the "Adelphi Corner, drop in.
Campbell you'll find at that location,
Ready to give you information;
Or to see you well provided
With what is by all decided,
The smokers or the chewers glory,
The best and cheapest in Victoria.

PUBLIC NOTICE.

Esquimalt Graving Dock.

THE GOVERNMENT OF BRITISH Columbia invite tenders to be sent in to the Lands and Works Office, Victoria, up to noon of the 20th day of March, 1872, for the construction of a Graving Dock at Esquimalt, British Columbia, under the guarantee provided in the twelfth section of the Terms of Union of this Province with the Dominion of Canada, which section is in the following words:

"The Dominion Government shall guarantee the interest for ten years from the date of the completion of the works at the rate of five per cent per annum on such sums not exceeding £300,000 sterling, as may be required for the construction of a first class Graving Dock at Esquimalt."

The Dock is to be of a clear length of not less than 450 feet, a clear breadth of 90 feet at top and 60 at bottom, and affording a depth of water, at ordinary high tide, of not less than 24 feet on the sill, and to be substantially built upon a site to be selected and provided by the party or parties tendering, subject to the approval of the Government. Parties tendering are required to specify the time within which they propose to complete the Dock.

Tenders are to be sealed, superscribed "Tenders for Esquimalt Graving Dock," and addressed to the Chief Commissioner of Lands and Works, Victoria, British Columbia, and accompanied by plans and drawings, showing the exact dimensions of the Dock proposed to be built, the mode of construction and materials to be used therein.

Parties desirous of tendering, but who may decline to do so under the guarantee above named as insufficient, are invited to tender on the basis of such supplemental guarantee by the Provincial Government or other financial inducement as they may suggest.

Homfray's V Survey Party.

A PASS FOUND IN THE MOUNTAINS BELOW HOPE.

Mr. Homfray's V party are surveying near Hope, making slow progress owing to the severe weather they have had to encounter since their return from Lytton to Yale on the 19th of October. From that date to the 4th of December, a period of 46 days, they have had only 11 *fine working days*, or days without rain or snow, the sun being invisible for 8 or 10 days at a time.

They have discovered a good pass through the mountains 5 or 6 miles below Hope, only ten miles across to the hot springs at Harrison Lake. They are waiting Mr. Trutch's arrival from Lytton, and have ceased surveying for the winter, the mountain sides being covered with ice and snow for the last two weeks, making further surveys impossible. None of the party have suffered from frost bite, although continually soaked through in the pitiing snow and rain.

The ice is beginning to block up the river; many cattle have died from the severity of the weather and want of food. The steamer has made her last trip but one for the year.

Mr. Dewdney, who has just returned from his surveying tour near Osoyoos Lake, where he has been since October 1st, says that he has had but two or three days rain in two months, until he arrived at Lytton on his way down to Hope, so it would appear that the V party have been the greatest sufferers, the great storm not having reached much beyond the Fraser River canyon to Lytton. However, they are all in excellent health and spirits. Th r nome er 18 [or 14 deg ees below the freezing point.

FROM QUESNELMOUTH.—We are indebted to Mr. Gillis (Brown & Gillis) for the following information: There were about 40 men together who arrived from Omineca at Fort George; the ice having become so thick as to render boating further impossible, they hauled up their boats about 8 miles below, and attempted to accomplish the rest of the distance to Quesnelmouth on foot. E. Shepherd found a canoe in the canyon and picked up P. C. Dunlevy, Guichon, T. Harper and Barlow, with whom he came down, and arrived on 21st ult. Sylvester arrived on 22nd with 7 or 8 others, and on 23d, Cicero, J. Curry, and 5 or 6 others, in a canoe which they found in the river on the way down. They left 18 men short of provisions, with a very poor prospect of getting out of the snow; amongst them W. Pinchbeck, Al. Thorpe, and J. Sellers. The people of Quesnelmouth immediately fitted out a boat with 500 lbs. of provisions, manned by Jim Lorlig, Jackson, Butler, and W. Downey, which was dispatched to the assistance of the stragglers. J. B. Brian arrived at Quesnelmouth by trail; he had lost all his animals (21 horses) but 5, when he left them; he determined to return with provisions for his men. Terry lost all his animals; Hutchison lost 18 out of 81; Catalan lost 30 of his mules, and Mitchell 6; Duncang Bill lost all his, and Billy Walsh is supposed to have fared no better. Sleighing was good as far as the Bonaparte, and although wheels were used afterwards, the snow was deep enough from Boothroyd's down for sleighs. Yeates, at Soda Creek, the telegraph operator, had a severe task to keep the line in order, but was exerting himself to the utmost to preserve the connection. Henry Thorne, a native of Charlottetown, P. E. I., died at Quesnelmouth, at Brown & Gillis's, ten days after his arrival from Tatlah, of dropsy, on 17th ult. His friends live at Janesville, Wisconsin.—*Guardian.*

OMINECA.—We continue daily to receive accessions to our population from Omineca, principally old Cariboolites. They bring little fresh intelligence beyond what has been already published. Some good prospects had been lately struck on Germansen creek, Jim May's company had got some good pay, but the season was too far advanced to test whether it was extensive or not. The deep shaft on Skeleton creek had been sunk to a depth of 75 feet without striking bottom, and the company intend putting it down to bedrock in the spring. The ground looks very favorable—a deep bed of hard clay like in Cariboo. There will be some little prospecting done during the winter, probably from 75 to 100 men remaining in the mines. The general opinion among those who have come down appears to be that there will be a good mining camp in Omineca next summer for two or three hundred men, but nothing has yet been struck of a permanent nature, or in any way to be compared with the old claims of Cariboo. However, if the cost of living could, through trails being opened up, be materially reduced, miners could make a little during the summer, and if deep diggings should be struck, the section may eventually become of considerable importance. It is considered by a good many that Capt. Travaillot would have a very difficult job to get to Germansen creek in time for Mr. Fitzgerald to hold the election. Sylvester, with an express and mail, is looked for at Quesnelmouth daily.—*Sentinel.*

LOWER FRASER SCRAPS.—A meeting of the supporters of Mr. J. T. Scott was held at New Westminster on Monday last, to hear that gentleman give his views with regard to New Westminster-Ottawa election, for which district he was a candidate for election. Mr. Ferris occupied the chair. (The result of the election is given elsewhere.) Mr. Scott's remarks occupied a couple of columns of the *Guardian*. Mr. Nelson, who was also present, said but little on this occasion; he took exception to the local journal for not publishing his speech of the day of nomination. The proprietor of the *Guardian* explained, the matter dropped, and the meeting separated. Ah Fou, a Chinese waiter on board of the Hope, fell from the guards of the steamer on her last trip to Yale, and was drowned. Dr. Thornber, the village doctor, has been united in marriage with Miss L. Ferris; and our old friend J. C. Hughes, of the Inlet, to Miss Leonora DeBeck, daughter of the late Geo. DeBeck, Esq. The Lillooet has been laid up in winter quarters, at the Coquitlam.

INVITATION TO FRIENDS AND LOVERS OF DANCING.—Remember Tuesday and Friday evenings, from 8 to 10, general practice hours in Mrs. Lange's Academy, Royal Exchange Hall, Government street. This Hall has been completely renovated, and is now one of the most comfortable and suitable places in the city for balls or parties. Any party of gentlemen and ladies wishing to form a separate class, can have an evenig per week set apart exclusively; but they must be ten gentlemen subscribers to begin with, they having the right to choose their own society. Persons wishing to hire the Hall for the purpose of balls or parties, for a single night only, can be accommodated. Terms moderate in every case.—MRS. LANGE, ates street. *

NAVAL.—The Scou left her anchorage in Esquimalt harbor yesday, for a fortnight's cruise, and will visit omox, Nanaimo, and San Juan and will ctage in gun practice during her absence.

Court of Assize.

SECOND DAY.

The Court resumed its sitting at 10 yesterday morning.

The case of Qua Whayen and Harry, charged with larceny, was continued. Two witnesses were examined for the defence, Mr. Lomas and an Indian. After hearing their testimony, the Chief Justice said that the prosecution had failed in establishing a case against the prisoners, and directed the jury to bring in a verdict of not guilty. The prisoners were discharged.

SHOOTING WITH INTENT.

Regina vs. P. Brennan.—Mr. J. B. Shaw, the complainant, was examined at length as to the circumstances of the case, which are familiar to our readers, having recently appeared in our police reports.

Peter Bourdet was the next witness called. He stated that Brennan fired a pistol four times at Shaw, the first two shots, the cap snapped. The pistol was pointed at Shaw's breast the first three times; the fourth time, it was pointed beneath his feet.

Blowhard, an Indian, examined through Sergeant McMillan, the interpreter, testified that he was present at the time of the occurrence, and that he saw Brennan pull out a pistol from his bosom and shoot at Shaw.

Thomas Mitchell examined—Was Constable at Cowichan, and arrested the prisoner in his own house; identified the pistol in Court as the one that he took out of Brennan's house, when he arrested him; found one barrel loaded with swan shot.

This closed the case for the prosecution.

Mr. Robertson then addressed the Court for the defence in a forcible speech, and called the following witnesses:

John Mahoney examined—Testified that there had been ill feeling between Shaw and Brennan for some time; had warned Brennan of Shaw, saying that he had been told he threatened to shoot him.

William Chisholm examined—Said he had heard Shaw say, that if he ever caught Brennan on his property, he would shoot him; and would think no more of doing so, than he would of shooting a grouse or a blue-jay.

Father Rondeau examined—Testifed that he had told Brennan to look out, as Shaw had been heard to say that he intended to kill him.

Robert Miller also stated that he had warned Brennan against Shaw.

James Love testified that the coat produced in Court with the bullet hole in it was not the coat that Shaw had on at Mr. Morley's, at the examination.

Capeah, James, and two other Indian witnesses were examined, and their evidence closed the defence.

The Chief Justice then charged the Jury, saying that the offence was a grievous one; that a man had no right to use a deadly weapon on another, even if struck with a fist; he had only a right to use a deadly weapon as the last resource, and when his life is actually in danger. He told the jury that they were at liberty, if they thought there was sufficient evidence, to bring in a verdict of guilty of shooting with intent to murder, or with intent to maim, or with intent to do grevious bodily harm; if they were of opinion that there was no intention to commit any of the above, they were at liberty to bring in a verdict of common assault.

The jury, after an absence of nearly two hours, brought in a verdict of shooting with intent to do grievous bodily harm—with a strong recommendation to mercy.

The Chief Justice said he entirely agreed with the jury in their view of the case, and also with their recommendation to mercy. He would defer passing sentence until Monday. The jury were then discharged.

Regina vs. Ah Hoey.—For Burglary—The burglary was committed in a house belonging to a Chinaman on Market Alley. Amongst the articles stolen was a gold ring off a China woman's finger.

The Attorney General, in opening the case, pointed out to the jury that if the evidence was not conclusive enough in their opinion to convict the prisoner of the burglary (which meant the breaking into a building), they could acquit him of that offence, and convict him of the stealing of the ring, of which there was abundant evidence.

Mr. Bishop conducted the defence.

The jury, after retiring for a short time, came out and said they could not agree. They were again locked up, and after half an hour returned a verdict of guilty of the lesser crime—with a recommendation to mercy.

Sentence was deferred until Monday.

The Court then adjourned till Monday, at Eleven o'clock.

FARMERS' CLUB MEETING.—We have again to remind those of our readers interested in the formation of a Farmer's Club, to be present at the meeting to be held at 1 o'clock this afternoon, at the Mechanics' Institute. The merits of such an association is patent to everyone, and more particularly to the farmers of the several districts around Victoria. On a former occasion we dwelt more at length upon the objects to be attained and the advantages to arise by the organization of a Club whereby those of our agricultural classes could meet together to discuss all matters pertaining to their particular interests.

A SUCCESSOR TO THE "ZEALOUS." NAMED—H. M. ironclad ship Bellerophon, Capt, John D. McCrea lately in command of the Prince Consort, Mediterranean fleet, is to be placed in commission to be the flagship of the Pacific and to take the place of the Zealous now under way home. It is not probable the vessel shall have arrived here for a year or more. The Bellerophon is much a larger vessel than her predecessor in these waters and is a finer ship in every respect. She is 4270 tons burthen; the Zealous was 3700; 1000 horse power; Zealous, 800; and she carries 15 immense guns of the newest patterns

FROM NEW WESTMINSTER.—The Enterprise came in yesterday at 1:30 p. m., with about 40 passengers, the Cariboo express, mails, and a large amount of treasure for the banks. The following passengers came down: Mr. and Mrs. Hugues, Mr. and Mrs. Carter, Mrs. Carter, Miss Kinsman, U. Nelson, J. Cunningham, J. Murray, Ferris, Geo. Webster, J. Bruce, F. Bissonnette, J. Amm, H. Gillis, Jas. Anderson, Cook, J. Black, J. Marks.

POLICE COURT.—James Brown and James Mitchell, who were acquitted of larceny at the Assizes, and arrested as they were about to leave the Court, on a second charge of deserting Her Majesty's navy, were brought before the Police Magistrate on yesterday morning to answer the charge. They were ordered to be handed over to the naval authorities to be dealt with. J. Lowe, for being drunk and disorderly, was fined 5s.

BRITISH COLUMBIA PIONEER SOCIETY.—At the annual meeting of this Society, held last evening, the following officers were elected for the ensuing year: President, John Dickson, re-elected; Vice-President, Alexander Young, re-elected; Treasurer, E. Grancini, re-elected; Physician, Dr. James Trimble; Secretary, Edgar Fawcett, re-elected; Directors—W. P. Sayward, re elected; S. Driard, re elected; R. Lewis, and J. Lewis. The first annual dinner of the Society will be held on Saturday, the 16th inst.

FOR SAN FRANCISCO.—The Prince Alfred Captain Sholl sailed for San Francisco at 9 o'clock yesterday morning with fifty passengers, as the steamer left the wharf three cheers were given Messrs. Nathan and Carrall our representatives to Canada.

Cariboo Intelligence.

The weather for the last month, up to the 18th inst., was very cold, and caused a stop to mining operations. There was a heavy fall of snow on the 13th and 14th, and travelling to Quesnelle was accomplished in sleighs.

A good deal of hardship was encountered on the polling day, the 16th November, by the electors to and from the polls. The result of the poll as taken from the *Sentinel*, is exactly as we received, and published some time since, by telegreph. The election was conducted throughout in a most orderly manner, and apparently with little interest. Had the election been earlier, a much larger vote would have been cast. The *Sentinel* writes:—"Why should not every man be allowed to carry as many banners and ribbons as he pleases? and why should a political party or the friends of any candidate not be allowed to provide sleighs or carriages to convey voters to the poll? There are men who do not take interest enough in the matter to walk a number of miles who would willingly go if a free conveyance was furnished. The returns have yet to be received from Keithley, Williams Lake and Omineca polling divisions, but it is not probable that sufficient votes will be cast in those divisions to alter the result from what it now appears, and we may therefore consider Messrs. Walkem, Booth and Hunter as the representatives of Cariboo. What may be the effect if the messenger to Omineca had not arrived on Germansen Creek before the 16th, which is not unlikely, we cannot say. As regards the result of the poll, public anticipations have proved to be pretty nearly correct, although some of the figures vary from what had been expected. The principal cause of Mr. Thompson running so much behind was his being a candidate for the House of Commons."

The Amateur Dramatic Association were to have given a benefit to the Williams Creek Fire Brigade on the 25th ult.

The steamer Victoria, plying between Soda Creek and Quesnellemouth, has gone into winter quarters.

MINING NEWS

from the *Sentinel* 18th ult.:

WILLIAMS CREEK.—The Forest Rose co. for part of the week, washed 150 oz. They have stopped for the present on account of ice in their ditch, but expect to start to work again shortly. The Ballarat co. washed 32 oz. They have also been compelled to stop work on the surface, their wheel being frozen up. They are fixing up so as to work under ground during the summer.

STOUT'S GULCH.—The Taffvale co. have been stopped by the frost from working on top. They will probably rock below all winter.

LOWER CREEK.—The Victoria co. last week washed 35 oz., but have been forced to stop their wheel. They intend hoisting by hand this winter. The Black Bull co. have also stopped. The Brown co. are running their tunnel into the deep channel.

LIGHTNING CREEK.—The South Wales co last week washed 150 oz., but were much inconvenienced by ice in their ditch. The Victoria co. got filled up again, as with the first frost the creek got unmanageable and they could not keep their ditch clear so as to run their wheel steady. Although they have not got fairly into the channel, enough has been seen to show its richness. About 5 oz. were got from the last set. The Spruce co. are running their tail-race for the new seaft. The Vanwinkle co. are about running the remainder of their drain tunnel by contract.

EAGLE CREEK.—A company has been formed to run a tunnel in this promising tributary of Lightning creek. Gold has been found long since on high rock, but the deep ground has never been tested.

GROUSE CREEK.—The Talisman co. are making wages. The Lady of the Lake co. have got the cribbing of their new shaft completed, and are ready to start sinking in the deep ground. Another company has located a large claim above the Lady of the Lake. The Heron co. are going to continue searching for the lost channel in that c aim.

JACK OF CLUBS CREEK.—The First Chance co. last week washed 47 oz. The Two Sisters co have not broken through the rock into the channel yet, but expect to do so hourly.

FRENCH CREEK.—The Ambrose co. have sunk their blind shaft in the tunnel over 30 feet without getting bottom. No such deep channel as this has ever been found in Cariboo.

SOME OF THE EFFECTS OF THE ABOLITION OF PURCHASE.—We learn from a War Office Memorandum that the Military Secretary has been directed by his Royal Highness, the Field-Marshal Commanding-in-Chief to notify that the Secretary of State has decided that all applicants for retirement or exchange dated and left on or before the 31st inst. with the commanding officer under whom the officer retiring or exchanging is serving, shall be carried out and completed under the terms of the Warrant of the 27th of December, 1870. The *Army and Navy Gazette* hears that officers have sent in their papers "by hundreds and hundreds." In one cavalry regiment one major and six captains and several subalterns seek to retire. The Dublin Brigade office is reported to have had 400 applications to retire and we are afraid to mention the number reported to have been received at headquarters There is indeed "an ugly rush" to get out of the army. The same journal states that it is intended to effect a considerable reduction in the Half-pay List, and "a large number of the captains whose names appear in the closely packed columns, occupying pages 149, 150, and 151 of the Army List, are during the next few months to have the chance of full-pay employment."

AUSTRALIA.—An Intercolonial Conference was to commence its sittings in Melbourne on the 15th of September for the purpose of considering the border treaty between that colony and New South Wales, new postal arrangements, and other matters of general interest. A destructive fire had occurred in Pall-mall, Sandhurst. Upwards of £100,000 worth of property was destroyed. The yield of gold was increasing, and the reports from all the mining districts were favorable. From New Zealand we have good tidings regarding the state of affairs in both islands. The peaceful policy of the Government had wrought a complete change in the aspect of the country. The Maories were consenting to the sale of their hitherto useless lands and to the construction of roads which would open up vast districts that have been previously sealed against the ingress of Europeans.

ECCLESIASTICAL.—The Catholic community of the island of San Juan, have subscribed two or three hundred dollars towards the erection of a church on that island. At the present time the only spiritual ministration the Garrisons and the settlers have are conducted by the Presbyterian Church in the person of Rev. T. J. Weeks formerly of this city. All denomin, heretofore, have been in the habit of uniting in one fold for support of a pastor.

GREAT PICTURE SALE.—Lovers of the fine arts will have a chance this morning to satisfy their tastes, at the large sale of beautiful engravings, chromos and paintings, most of which are proofs by first-class artists. The sale commences at the usual hour, catalogues accompany each copy of the STANDARD of this morning.

CHEAPER THAN THE CHEAPEST.—At Noltemeier's boot and shoe store, Government street, south of the St. Nicholas building, it is really worth going to see how low the goods are sold there. Everything is of the newest styles and made of the best material. *

New Westminster Ottawa Election.

The election of a member to represent the New Westminster district in the House of Commons at Ottawa took place on Thursday. The contest was between Mr. Hugh Nelson and Mr. J. T. Scott. The numbers stood as follows:

	Nelson	Scott
At New Westminster	45	8
Burrard Inlet (at 3 p. m.)	40	4
Langley	11	10
Totals	96	22

Majority for Nelson so far as heard from, 74. Returns from Chilliwhack are yet to come in.

MASONIC.—At the regular communication of British Columbia Lodge, F. & A. M., No. 1187, E. R., the following officers were elected: John Winger, W. M.; J. Raggazoni, Treasurer; W. H. Thain, Tyler.

THE steamer Hope will make another trip from New Westminster to Yale before the season closes. The Enterprise will connect with her, and will leave on Monday.

TREASURE shipment per Prince Alfred for San Francisco:—Bank B. N. A., $42,691 46; Bank B. C., $14,649 17; W. F. & Co., 15,753 80. Total, $72,094 43.

FOR PUGET SOUND.—The North Pacific, Capt. Starr, left at noon yesterday, for Port Townsend and up-Sound ports.

THAT original cheap and easy Shaving Shop at Fred Payne's, on the sunny side of Johnson street. *

TREASURE RECEIVED.—About $60,000 in treasure arrived from the upper country, by express per Enterprise, yesterday.

General Dispatches.

EXECUTION OF THREE OF THE COMMUNISTS.

PARIS, Nov. 28.—The Commune prisoners Rossel, Ferre and Bergeret were taken to the place of execution under a strong escort. A hollow square was formed of the troops, at the end of which the prisoners were placed. The behavior of the three men was most courageous. The soldiers approached to blindfold them, but Ferre refused to allow the bandage to be placed over his eyes, declaring that he should look his executioners in the face. At seven o'clock, a company detailed for duty advanced and fired. Rossel fell at the first discharge and was instantly killed. The bullets did not take immediate effect upon the others, and as they were writhing, the same shooting party, in obedience to instructions, came up with pistols and gave the *coup de grace* to put them out of agony. Their bodies were then placed in plain coffins and were immediately removed. The execution took place in the presence of 3,000 troops, and a profound sensation is produced through the city by the details. The death of young Rossel is much regretted.

THE PRINCE OF WALES.

LONDON, Nov. 28.—The journals this morning reflected the uneasiness which is concealed by no one with regard to the Prince of Wales. Rumors are current at Windsor that the Prince was worse; that much alarm was felt at the castle; and this, coupled with the announcement that the Queen would probably remain all day at the Prince's residence, strengthened the impression that the crisis of the fever was at hand; but the latest bulletin states that the Prince was able to sleep during the night, and that the fever is lessening. It is announced that the illness of the Princess is not serious.

LONDON, Nov. 29.—The physician's bulletin, dated six o'clock this evening, says the Prince has passed a quiet day. As an indication that the condition of his Royal Highness is not considered dangerous, it may be stated that his physicians consider it necessary to issue only two bulletins each day. Should the case become critical, bulletins would be published every hour.

The latest bulletin from Buckingham reports no change in the condition of the Prince of Wales since yesterday. His fever is not so great. The patient is easier and obtains some sleep, by which he is greatly strengthened. Notwithstanding the favorable aspects of the case, anxiety with regard to the result is not removed.

THE TROUBLE IN BELGIUM.

BRUSSELS, Nov. 28.—The agitation against the Ministry is unabated. Petitions to the King for the dismissal of the Ministers are pouring in from all points. An immense mass of people assembled in front of the Palais de Nation. The appearance of the multitude is threatening. Troops are on the ground. Shouts of "Resign" are heard on every side of the Palace. The temper of the people is dangerous and the situation critical. An impression prevails that the Ministers will yield and tender their resignations to the King.

BRUSSELS, Nov. 29.—The Ministers have tendered their resignations to the King. The people are satisfied with the accomplishment of their object, have dispersed, and order prevails throughout the city.

The King of the Belgians has commissioned M. Georges François Thonissen to form a new Cabinet.

LONDON, November 29.—A dispatch dated from Berlin yesterday says that the Prussian Foreign Office has received intelligence that the German sailors, who were under confinement in Rio de Janeiro, have been released by order of the authorities. A pacific arrangement of the difficulty with Brazil is now probable, and the excitement on the subject is subsiding.

VIENNA, Nov. 29.—Baron Von Laugenau, Minister of Austria to Holland, has been appointed Envoy Extraordinary and Minister Plenipotentiary to the Court of St. Petersburg

Prince Metternich has asked permission to resign his post as the head of the Austrian Legation in Paris, which he has held since 1859.

ROME, Nov. 29.—The Pope yesterday, in replying to an address, expressed confidence in the triumph of the Church. He protested against all ideas of compromise with the rulers of Italy.

BERLIN, Nov. 28.—The Chamber of Deputies of the Prussian Diet, effected an organization to-day. Forkenbeck was elected President and Roeller first Vice President.

LONDON, Nov. 29.—A Madrid dispatch says that General Sickles and wife left Madrid the day after marriage, for Liverpool, where they are to take the steamer for New York. Some of her friends say he will not return.

THE ORDER OF ARREST FOR MAYOR HALL.

NEW YORK, Nov. 29—Judge Brady, it appears, has granted the order of arrest for Mayor Hall on a similar complaint to those against Tweed and Connolly. The fact became known at the City Hall during the forenoon, and Hall soon disappeared, it is supposed to secure bondsmen and save the annoyance of remaining in custody on Thanksgiving Day.

Noon.—Mayor Hall is to be arrested at one o'clock on charges similar to those preferred against Tweed and Connolly.

THE TREASURY DEPARTMENT.

WASHINGTON, Nov. 29—The Treasury Department to-day received $16,000,000 of called '62 bonds from London. Although the Department, thus far, has received $53,000,000 of our $100,000,000 of called bonds, of which it will only be requisite to redeem in coin between six and seven millions which have already been proved to. The remaining portion has all been offered in exchange for Five Per Cents.

HALIFAX, N. S., Nov. 29—The cholera has disappeared and all patients are rapidly recovering.

WASHINGTON, Nov. 29—The authorities do not apprehend any difficulties at Havana with American citizens, but say that the return of the squadron to the North Atlantic is, in accordance with usage, to have a force convenient for the protection of our citizens should the necessity for it occur. They look upon the recent disturbance in Havana as merelo of a local character.

LONDON, Dec. 1.—The morning *Bulletin* of Sydenham states that there was an increase of fever in the case of the Pince of Wales early in the evening of yesterday, but as night advanced the fever again partially subsided. The Prince remained comparatively quiet through the remainder of the night.

A final settlement of the United States funded loan was made to-day without disturbing the money markets, the bonds closing higher than ever before, and the loan advancing to 90½ gold, because the settlement was anticipated. A portion of the loan was unsettled at the opening of the books to-day. Of the $20,000,000, nearly $15,000,000 was arranged in London, leaving less than $6,000,000, undisposed of, with the continent to hear from. There is no doubt that the whole of the loan in European markets is taken.

George C. Bates, newly appointed U. S. Attorney for Utah, arrived yesterday, and was presented to Judge McKean in Court this morning, who welcomed him. Mr. Bates said: "I have now only to state that with God's blessing, I will perform the duties with firmness and equity, calmness and candor, with equal and exact justice towards all the people in this Territory, irrespective of caste, color, religion, sect or sex." Mr. Barker, in Court, called attention to a reported interview of Tom Fitch, counsel for Brigham Young and others, by attaches of the New York press. Mr. B. said remarks were made by Mr. Fitch on that occasion reflecting upon the Court in connection with State trials now pending here. His language had been either misstated or Mr. Fitch had been guilty of gross falsehood.

SAN FRANCISCO, Dec. 1.—The sales in the Stock Board for the past week foot up $1,702,000.

In the Hawes' will case to-day, the counsel for executors introduced testimony to show the sanity of the testator, in rebutal of the evidence of the opposition. The case was closed this evening by introducing the will itself, which is now being read.

LOS ANGELOS, Dec. 1.—The breakwater is progressing slowly—200 feet completed and 300 feet of piling driven.

A general leaving of the principal rioters and many of the agitators among the Chinese is noticeable.

SAN FRANCISCO, Dec. 1.—The steamer Idaho arrived this morning from Mazatlan and Guaymas. The purser furnishes the following memoranda:

On our arrival at Mazatlan, Nov. 20th, found that the city had pronounced in favor of Diaz for President—the pronouncing party taking possession of the city. The officers holding power from the Juarez Government took refuge on board the American man-of-war Mohican. The following is the list of officers now in power: Governor of Sinaloa, Matamanzuna; Collector of Customs, Francisco Conceda; Prefect, Ignacio Tapia; Captain of Port, Pedro Victoria. Under the new order of things the commercial taxes on silver and bullion have been modified as follows: Export duty on bullion, 6 per cent.; on eagle dollars, 4 per cent.—formerly 8 per cent. The light-house duties are abolished entirely. The decrees of the revolutionary government are simply signed "Governor of Sinaloa"—no reference being made to the Federal Government, and the official style of "independence and liberty" being dropped The revolutionists claim to be the party of progress.

The reported revolutionary raid from Cape St. Lucas or Magdalena Bay has no foundation beyond the fact that, in pursuance of the orders of the Federal Government annulling the contract and closing the port of Magdalena General Dovalis, Governor of Lower California, sent a small armed force to compel the Lower California Company to suspend operations, they having wholly disregarded the order.

Washington Nov. 30.—Supervising Architect Mullett reports that the progress of the work on the Branch Mint at San Francisco, California, has been satistactory and will be completed during the ensuing season. Estimates for this building, as well as for all others on the Pacific coast, will be prepared on Department having, however, decided that all payments must be made in currency, the amount of the appropriation must be increased accordingly with the addition. Estimates will be found correct and the work is to be finished at an early day, and as soon as the necessary machinery can be completed for which an appropriation must be made.

AUSPICOUS 1872.— Its present outline shroude in mystery like an impenetrable Victoria fog, settled upon sea and land, with a sky adove so clear and beautiful. Each consecutive year since 1858, has appeared in various forms, with the same pertinacity the announcement that Pocket and Office Diaries and Almanacs are ready for the Season.—T. N. HIBBEN & Co. 3m*

Cheap Cures for Great Diseases.

HOLLOWAY'S OINTMENT

OLD SORES AND OLD SKIN DISEASES.

The seeds of these disorders are effectually expelled by this penetrating Unguent, not only from the superficial parts, but from the internal tissues likewise. Any case, even if of 20 years standing, speedily yields to its influence.

BRONCHITIS, DIPTHERIA, SORE THROAT, ASTHMA &c

Rheumatism, and erysipelas may be overcome by frequently fomenting the affected parts in warm water, drying, and immediately applying this soothing Ointment. The same procedure applies equally well for curing sore throat, diptheria, bronchitis, asthma, tightness of the chest, and pain in the side, which instant treatment alone prevents degenerating into more serious maladies. The Ointment has the same derivative powers over chest complaints as a blister possesses, without causing pain or debility.

HEMORRHOIDS—PILES, AND ABSCESSES.

Thousands suffer severely for years from these annoying complaints through false delicacy. Let such purchase a pot of Holloway's Ointment, read the directions which accompany it, act upon them to the letter, and they will, without difficulty, succeed in obliterating every vestige of these harrassing ailments.

ACCIDENTAL INJURIES, INFANTILE AILMENTS.

In cuts, bruises, sprains, burns, and scalds, it will be found cooling, sedative, and healing. The part affected should be fomented in warm water, dried gently, and the Ointment should be instantly applied. This purifying Ointment may be safely used in all eruptions, chafings, and other cutaneous affections to which children are liable.

BAD LEGS, BAD BREASTS, OLD SORES AND ULCERS

By rubbing the Ointment round the affected parts, it penetrates to the tissues beneath, and exercises a wonderful power on all the blood flowing to, and returning from, the diseased part. The inflammation diminishes, the pain becomes less intolerable, the matter thicker, and a cure is soon affected. In all long standing cases, Holloway's Pills will thoroughly expel all depraved humors from the body.

GLANDULAR SWELLINGS. STIFF JOINTS.

This class of complaints yield without difficulty to the cooling and anti-inflammatory properties of this famed Ointment. It should be well rubbed over the affected parts, after due fomentation with warm water. It acts by stimulating the absorbents to increased activity, restraining ulceration, and promoting a free and copious circulation in the parts affected, and hence speedily and effectually ensuring a cure.

GOUT, RHEUMATISM AND PARALYSIS.

Gout and Rheumatism arise from inflammation in the parts affected,—to effect a permanent cure, adopt a cooling diet, drink plenty of water, take six of these famous Pills night and morning, and rub the Ointment most efectually twice a day into the suffering parts, and a cure is certain. The paralytic patient should take about three Pills twice a week and let the Ointment be well rubbed into the paralyzed limb, which will, in a very little time, be greatly benefitted,—indeed many cures have been affected by this treatment.

ERUPTION ON THE SKIN.

In this class of complaints, no matter the age, the sex, or the place, or under what name, the disease may be classified, it may be cured if this Ointment be well rubbed into the system, and Holloway's Pills taken night and morning to purify the blood.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs	Fistulas
Bad Breasts	Gout
Burns	Glandular Swellings
Bunions	Lumbago
Bite of Moschetoes and Sand-Flies.	Piles
	Rheumatism
Coco-bay	Scalds

Chapped Hands	Skin-diseases

DR. CHING FUN--A CARD--EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skull of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eye became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit him and find relief. Respectfully,
